Endorsement of Lieutenant Governor Taylor for Ohio Governor

March 07, 2018

The Asian American Republican Coalition (AARC) is pleased to endorse Lieutenant Governor Mary Taylor's candidacy for Ohio Governor. We firmly believe Lt. Governor Mary Taylor possesses an unparalleled record of accomplishment and political experience to run and serve as Ohio Governor. Her victory in the 2018 Ohio gubernatorial election is crucial to secure the President Trump's America-First agenda for the great State of Ohio.

Lt. Governor Taylor has been committed to job creation, fighting for conservative values, and serving the people of Buckeye State. Over the years, Lt. Governor Taylor was elected by repeatedly defeating Democratic opponents with increasingly solid support. Lt. Governor Taylor supports President Trump's America-First agenda without any reservation. We, AARC, also firmly believe that her running mate, Nathan Estruth, will bring top-tier business experience and a vision for job creation to the team that will benefit all Ohioans, including historically underrepresented minority communities.

Herein we call for conservative Ohio Republicans to support Lt. Governor Taylor to run and serve as Ohio Governor to advance President Trump's America-First agenda for the great State of Ohio. Meanwhile, we are also committed to supporting winning conservative candidates in the general election.
